

PROPOSAL FOR THE EUREF Permanent Network Analysis Coordinator (AC)

COMBINATION CENTRE

Cooperation of two universities:

**Military University
of Technology (MUT)**

**Warsaw University
of Technology (WUT)**

EPN COMBINATION CENTRE - TEAM

Karolina Szafranek (MUT, Analysis coordinator for 2 years)

Andrzej Araszekiewicz (MUT, Analysis coordinator for 2 years)

Mariusz Figurski (MUT)

Tomasz Liwosz (WUT)

Grzegorz Nykiel (MUT)

Piotr Szymański (MUT)

EPN COMBINATION CENTRE - MAIN TASKS

DETERMINATION OF COMBINED SOLUTION BASED ON LACs' SOLUTIONS

In cooperation with the Reference Frame
Coordinator

- **Weekly coordinates of EPN stations;**
- Daily coordinates of EPN stations;
- Rapid daily coordinates of EPN stations;
- Hourly coordinates of EPN stations
- Solution for EPN sub-network for the TIGA project

IGS

**Re-processing
solutions!**

EPN COMBINATION CENTRE - MAIN TASKS

ANALYSIS AND VERIFICATION OF LACs' SOLUTIONS

- Monitoring of LAC's solutions;
- Ensuring routine generation of consistent solutions;
- Reporting station irregularities **to the Network Coordinator**;
- Reporting problems to LACs;
- Taking care of processing strategies among LACs;

EPN COMBINATION CENTRE - MAIN TASKS

COORDINATION OF LACs' ACTIVITY

In cooperation with Central Bureau/Network Coordinator

- Strategies used by LACs (updates of „Guidelines” taking into consideration new improvements);
- Information flow between LACs, CB and AC;
- Specific tasks for LACs (EPN monitoring & new products) to avoid overlapping among LACs;

EPN COMBINATION CENTRE - MAIN TASKS

COMBINATION CENTER WEBPAGE

- Information about all LACs;
- Status of the stations from the latest combined solution;
- Stations coordinates from latest combined solution wrt the last cumulative solution;
- Time series of the combined solutions coordinates (graphs);
- ...

EPN COMBINATION CENTRE - RESOURCES

INFRASTRUCTURE & SOFTWARE

- FTP server for LACs' solutions;
- Computing servers (HPC);
- Processing and combination software;

BERNESE
5.0 / 5.2

GAMIT/GLOBK
10.4

NAPEOS
3.3.1

CATREF

EPN COMBINATION CENTRE

THE MOST URGENT **PROBLEMS & TO DOs**

- Preparation of IT infrastructure and webpage;
- **New scripts for combining solutions;**
- Information flow between LACs, AC and CB;
- New tasks for LACs (?);
- Update of „Guidelines for EPN LACs” (strategy);

GLONASS data, global analysis

...

EPN COMBINATION CENTRE

**SUGGESTIONS? QUESTIONS?
COMMENTS?**

Your feedback is appreciated!
